

In line with provincial recommendations and local guidelines, we have made changes to our summer camp services. These changes are made with the safety of our participants in mind while maintaining the most enjoyable experience possible.

Distancing measures

We will facilitate activities that reduce contact when possible and involve physical distance. Leaders will create new and innovative ideas with this in mind.

Reduced group size and services

Group size will be limited in order to reduce the number of contacts participants have.

Due to service changes, pre and post camp and lunch service are unavailable.

Masks

Masks are strongly encouraged for participants when travelling through public indoor spaces at PISE. We ask that parents wear a mask when communicating with PISE Staff and when 6 feet of distance cannot be maintained.

Equipment

Any equipment used will be cleaned and sanitized throughout and after each day.

Drop Off Locations

To reduce high traffic times of the day, each camp will have a designated drop off location specific to their age group:

Ages 5-7 - 9:00am-4:00pm at the front entrance roundabout.

Ages 8-10 - 9:00am-4:00pm at the turf field.

Outside

We will be making use of the outside spaces that we have, such as the field, track, training zones and kids area, while also using the trails and natural spaces located in Layritz Park.

Stay home

If your child is showing any symptoms or is ill in any way, please stay home. If symptoms develop during camp, we will isolate your child within our facility and call you immediately to come and pick up your child.

More information on all of these measures, as well as more information on what to bring to camp, will be sent to you in a welcome package before camp begins. If you have any questions regarding the protocols we have put in place, please contact Chris Wright, Manager of Physical Literacy Development at cwright@pise.ca.
